"Women on a Journey to Ourselves"™

An Experiential Training Program and Online Support Circle

Presented by [Magick & Empowerment](#), in partnership with [Sisterhood of the Moon](#)

Created by High Priestess Lady Jesamyn Angelica

Discover your own unique, innate magick! Learn how to create potent ritual, holding transformational space for yourself and others. Delve into the relevance of the weave between self-love, self-care, and personal power-within. Develop a daily practice that centers, grounds, and supports you in all of your endeavors, aligning your life and magick with the flow of the seasons and cycles. Explore your natal chart, spellwork, divination, green witchery, creative visualization, prosperity consciousness, and more. This program is specifically designed to help you reveal and birth forth your true, authentic Self.

Now you can study with Lady Jesamyn and Sisterhood of the Moon from your own home, or anywhere with an internet connection. This online modern-day Mystery school is enrolling women now; you may begin at any time, on any day of any month—your birthday, the New Year, Imbolc, Spring Equinox...today. We offer guidance, support, and sisterhood during this program and, once successfully completed, you can choose to be recognized with a Witch Initiation into the Sisterhood of the Moon Dianic lineage.

Here we honor each woman's unique contribution to life, each woman's individual gifts and perspective. Find the Goddess within yourself and learn to love Her fiercely!

Materials are sent via email—regular homeplay and solitary practice is assigned for each Moon, and Sister-Queens are encouraged to share, stay in touch, and support one another in our secret, private Facebook group. We invite you to join our sacred adventure!

About Our Program

This experiential program of women's magick requires deep, intentional focus; it generally takes about two (or more) years to complete although it can be completed in a minimum of thirteen months if your life has space to support such powerful work within that timeframe. Since this is a vigorous and intense course of study, please be in a place where you are able to commit to doing and turning in your homeplay; we ask that you check in—at the bare minimum—of once per month. That said, we know that life happens. If you find that you are unable to do this for whatever reason, please [contact Lady Jesamyn](#) for support and so we can create a solution together.

The intention of this curriculum is to provide support and encouragement as you create a better, more empowered life for yourself. We work with—and hold space for—whatever your situation is, without judgment. Clear and honest communication is the key to your success and being honest about where you are helps to develop your sense of self-confidence, self-worth, and integrity.

Ethics

In order to enroll in our program, please read over and agree to abide by this Code of Ethical Conduct, originally developed for the in-person Sisterhood of the Moon community:

Code of Ethical Conduct

We are all manifestations of the Divine, therefore, we are all One. We value the dignity, worth, and sovereignty of each individual and we seek to embody integrity in all of our interactions. Having heard the call of the Goddess and willingly joined this community, as a Sister-Queen, I voluntarily pledge myself to this **Code of Ethical Conduct**:

- I treat my Sisters and myself with respect, courtesy, honor, patience, graciousness, and fairness.
- I open my heart and commit myself to compassion, peaceful exchange, cooperation, and non-violent communication with my Sisters and within our community. I deeply honor each Sister's unique individual expression of Self and also actively seek the places where our beliefs and thoughts harmoniously intersect.
- I strive to be honest in all of my interactions with my Sisters and our community. My words are sacred.
- I do what I say I am going to do or, if I find I am unable to, I take ownership and let those affected know immediately and directly. When I commit myself to something, I follow through.
- I recognize that we all do the best we can, and when there is any question, I choose to give my Sisters the benefit of the doubt before reaching conclusions or forming judgment.
- I do not engage in triangulation or gossip about my Sisters or our community. Further, I deal with any issues that arise quickly and directly, and/or seek conflict resolution.
- If I have a complaint, compliment, or question about the leadership or community, I address the High Priestess (Lady Jesamyn) directly as soon as possible. I choose to make a serious commitment to do my part in keeping the lines of communication open, honest, and clear. I know my thoughts and concerns are always welcome and valid.
- I know I am free to resign from the community without penalty or judgment. I will inform first the High Priestess and then my Sisters.
